New Star Metals, Inc. is pleased to announce the appointment of Steve Tatalovich to the position of President at Electric Coating Technologies, LLC. Steve was formally the General Manager of Electric Coating Technologies, and previously served many other operations roles in his 13 years with the company..

Steve brings a vast knowledge of coating technology, operational expertise, commercial sense, and financial acumen to the position. His past experience at Electric Coating Technologies has cultivated strong relationships with all the employees of the organization as well as our customers and suppliers.

Steve will be taking over for the former president of Electric Coating Technologies, Scott Sternheimer, who has left the company to pursue other opportunities.

The new appointment will be seamless to our valued customers, suppliers, and stakeholders. We look forward to your continued business and the ongoing strength of our relationships with all of you. Thank you for your support and please welcome Steve to his position.

Sincerely,

Patrick J. Murley
Chief Executive Officer
New Star Metals Inc.
