### Michael Noble named Chief Commercial Officer

**Burr Ridge, IL** (February 21, 2011) – Mike Noble has been named Chief Commercial Officer at New Star Metals. In this new position for the company, Mike will oversee the commercial aspects of the company including sales, marketing and purchasing. Mike's 25 years in the industry and 10 years as president of Premier Resource Group make him an excellent choice for this position as New Star Metals drives to improve their already excellent sales and purchasing efforts.

**About New Star Metals Inc.**

New Star Metals, with headquarters in Chicago, is engaged in the processing and distribution of value-added steel products with about 400,000 tons of current processing capacity serving customers across a variety of end markets in the Midwest. The company is composed of four divisions including Miami Valley Steel Service, Premier Resource Group, Electric Coating Technology, and U.S. Metals and Supply.
